REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The examiner previously rejected claim 39 over Mayzels et al. (US 5,269,791) in view of Nobles (US 5,820,631). Applicant argued in the remarks filed 9/12/2007 that the suture resides in the interior of the helical member without being attached to it. This argument is not persuasive as it is the examiner's position that residing in the interior can be considered attached to the helical member since, if the helical member is moved in a direction transverse to the longitudinal direction of the suture, the suture will move with the helical member. However, after further consideration, the disclosures of Mayzels and Nobles fail to teach moving a winding tube relative to a helical member in the steps of attaching a suture to the helical member and provide no motivation to add such a feature to the device of Mayzels.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Kathleen Sonnett whose telephone number is 571-272-5576. The examiner can normally be reached on 7:30-5:00, M-F, alternate Fridays off.
